

Conditions of Entry

Safety

Canoeing on water is a potentially dangerous activity and although the organizers of the event will do all in their power to make the event safe, all canoeists take part at their own risk. All canoeists must ensure that they attend at least one of the safety training days at Rickmansworth Aquadrome. All canoeists must observe the canal way rules and follow the instructions from the marshals.

All canoeists must be aged 15 or over on the day of the ride, and if 15 or 16, must be accompanied by an adult. Therefore, the Canoe event is not open to children under 15.

Life Jackets

It is compulsory that all participants wear life jackets. These will be provided by the event organisers

Organisers' Duties and Liabilities

The organisers of the event will do all in their power to make the event safe, but, to the extent permitted by the Unfair Contract Terms Act 1977, cannot be held liable for injury, loss and damage caused or sustained as a result of taking part, howsoever arising, nor can they accept any liability for any changes to the event for safety reasons, or as otherwise planned through circumstances beyond their control.

Health and Fitness

Canoeing can be strenuous and all canoeists must be in good health. Canoeists who have any doubt about their health, or have a medical condition that could be affected by exercise, particularly a heart condition, must obtain their doctor's approval before participating. All participants must be reasonably fit. If you are not a regular canoeist, we recommend you attend both of our training days and, where possible, arrange further training days.
